Match Preview

The most relevant pre-match information and standings

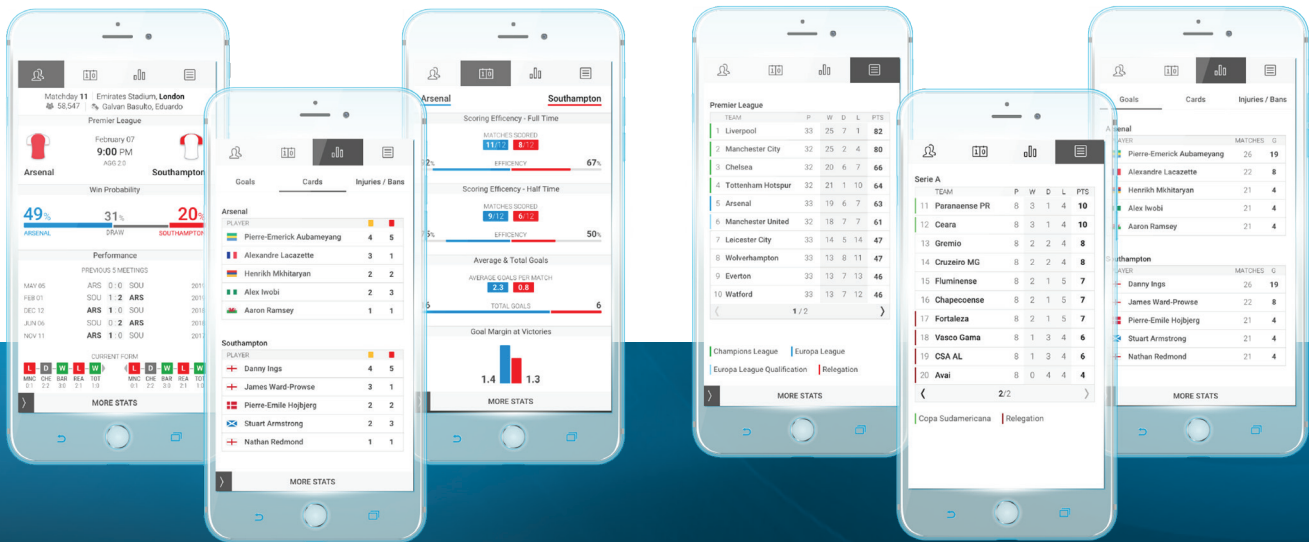

In addition to Betradar's Statistics centre your punters also have access to the broadest basis of information for a specific match, such as head-to-head, team scoring performance and player stats for both teams.

With Betradar's Statistics Centre, your bettors can access the most comprehensive statistical service the market has to offer. Providing the most relevant statistics for Soccer pre-match markets, Match Preview helps you to keep the punter longer on the match page and is the ideal tool to make the most informed betting decisions.

Further betting information can be provided through the most comprehensive statistics. Displaying the most reliable information next to your odds, our Match Preview is truly a helpful solution for your punters.

The solution presents league tables and tournament brackets in a perfect way, ensuring bettors have no need to visit third party websites and, therefore, will stay longer on your site generating more clicks and revenue.

You can customise your Match Preview easily and completely in styling and language, to perfectly fit your website and your customer's needs and demands.
